

JOSEPH ATTEEN

Accra, Ghana · +233 20 911 9731
joe Yates@gmail.com · joeatteen.netlify.app

A full stack developer with a strong foundation in programming principles and particular interest in frontend development. Proven ability to leverage front-end knowledge and experience to design, develop and build interactive and user-centered websites and applications. Capacity to understand and implement viable new technologies. Very meticulous with a keen eye for detail; comfortable working in both team and self-directed settings.

EXPERIENCE

FEBRUARY 2023 - DATE

FRONTEND DEVELOPER & PROJECT MANAGER, CEDIRATES.COM

- Collaborating with two other developers to build a functional data-intensive web app that provides updated fuel prices, exchange rates and mobile data bundles everyday.

JULY 2022 – MARCH 2023

FRONTEND WEB DEVELOPER, COLDSIS

- Liaised with a UI/UX developer to redevelop and maintain the company's website using HTML, CSS, JavaScript and jQuery.
- Implemented responsive designs to ensure optimal user experience on all devices.
- Built reusable UI components and modules.
- Collaborated with the design team to create visually appealing interfaces.

APRIL 2018 - DATE

FRONTEND DEVELOPER, FREELANCER

- Develop websites for clients using WordPress.
- Build web apps using HTML, CSS, JavaScript or React and Node.

SKILLS

- React & Redux
- Firebase
- Vanilla JavaScript/ jQuery
- WordPress
- CSS
- Bootstrap
- HTML
- Responsive design & development
- Figma
- Node

FEATURED PROJECTS

PORTFOLIO WEBSITE

A website developed with HTML, CSS, JavaScript and jQuery. Contains a demo of all built projects and a GitHub link as well. Kindly find the link in the header above.

COLDSiS WEBSITE

Redeveloped COLDSiS' website with HTML, CSS, vanilla JavaScript and jQuery. Used this stack because it gives me flexibility with customization of various components.

INCOME & EXPENSE TRACKER

A web app developed with React and Redux, that tracks your income and expenses. I used redux persist to get the transaction history data to be persistent.

CEDIRATES.COM

A MERN app that displays updated exchange rates and fuel prices daily. Collaborating with two other developers on this. Working as frontend developer and project manager.

*****All links to the demo of my featured projects can be found in my portfolio website*****
